

OWL

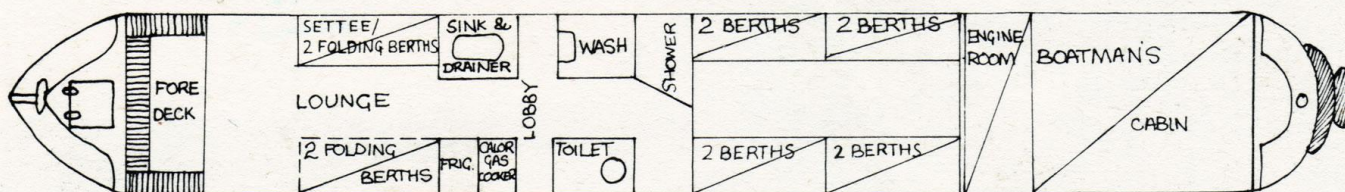

'Owl' is a full length converted motor narrow boat, fully fitted out to accommodate twelve people in comfort, and decorated in the colourful traditional style of the canals.

A spacious lounge-cum-dining room and a well equipped modern galley make up the forward part of the boat, whilst aft of the main entrance lobby are separate cubicles containing shower, wash basin and toilet, and the permanent sleeping cabin. Fine weather can be enjoyed in the fore well-deck, fitted with seats, and on the cabin top which can be reached by small steps on the cabin sides.

The boat is accompanied by an experienced boatman, who lives independently in the traditionally decorated boat cabin at the stern of the boat.

MOTOR BOAT SPECIFICATION
